Segway games

All sessions will start with a safety brief, introduction to the segway and then a personal practice for every participant. The group will then be put into teams for the Segway games.

Segway games – Segway relay racing, in the pit stop the team have to help the rider put on a helmet high-vis tabard knee/elbow pads and gloves, the rider then whizzes around the grand prix style course avoiding hitting or knocking any cones and then back into the pit stop to change riders. This is all against the clock and there are time penalties for every cone hit!

There are many more games such as segway egg and spoon racing, various slalom challenges and the nerf-gun segway moving target game!

Minimum Group size 10 participants

Maximum group size 40 participants

Minimum age 10 years

Human Table Football

Human Table football is one of the most exciting competitive games to hit the UK in recent years. It's a giant inflatable version of the old classic Table Football!

Our life size version swaps plastic players for real ones, YOU!

The two 5 aside teams face each other on the giant inflatable pitch to play a game of football. However, they'll be attached to moving bars so it's a little more challenging than usual!

The referee will be in control of game at all times, i.e sending off for foul play and showing of red and yellow cards!

This five – a – side team game will certainly give you a stitch, not through exertion, but through laughter!

Minimum age is 6 years

Minimum group size is 10

Sumo Wrestling

Do battle as a Japanese sumo wrestler!

Enter the sumo ring in the foam padded sumo suits!

Enjoy the limbering up and the pre-ritual shouting and slapping!

The challenge is to either move your opponent out of the sumo ring or knock them down. It's the best of 3!

Sumo wrestling is great fun to take part in and a fantastic spectator sport.

Minimum age is 6 years

Minimum group size is 10

Giant walking Ski Slalom

This is a game played through team skill and communication.

Each set of Skis will have 3 to 5 team members on them who will have to navigate and co-ordinate the Ski course of twists and turns, slaloms and the long runs!

A great team building game with lots of laughter on the way!

- 10 minutes maximum, for the briefing and preparation phase.
- The course will be timed with penalties.

So Make sure your team is the winning team!

Minimum number is 10

4x4 Blindfold Driving

Blindfold 4x4 driving is all about skill, not speed.

The task is designed to test your faith in your fellow human beings and being able to communicate as a team.

As a blindfolded driver you will be disorientated and have no knowledge of whether the 4x4 vehicle is moving or not, you only have your navigator's word for it. Bring your other senses into play such as your hearing and co-ordination.

Minimum age 17 years

Minimum group size 4

Maximum group size 16

***Victorian Barn only**

4x4 Trials Driving

In the fable of the Hare and Tortoise, the tortoise certainly had the right idea... slow and steady.

Take the wheel of the 4x4 and test your driving skills over rough terrain through a trials course.

Each team member will have to negotiate a challenging course marked with flags.

Concentration and team communication will ensure a clean drive through the course.

Beware! If any markers are touched, then its penalty points for your team!

Minimum age 17 years

Minimum number 4

Maximum 16

***Victorian Barn only**

Rescue Barbie

This is a game played through team skill and communication.

One of the group members should be designated as the rescue control commander, the rest of the team members are blindfolded and given a point at which to stand. Using a cord attached to 'KEN' they will have to listen to rescue control carefully on how much to pull in or let out their cord. The team will have to work together and under Rescue control lower 'KEN' to be able to rescue Barbie from the dessert island!

Rules

- The rescue control commander is the only person that can communicate with each team member.
- 10 minutes maximum, for the briefing and preparation phase.
- 30 minutes in total for both the planning and the retrieval of Barbie.

Minimum number is 10

Maximum number 40

Geocache Treasure Hunt

A treasure hunt with a difference!

No old fashioned map and compass to seek out the clues to the treasure you will be using 21st century technology.

The geocache adventure relies on clues but has the added level of using GPS coordinates to find an item.

Each group will have a GPS device, and a first coordinate to find. There you will find a clue and your next coordinate. Work as a team to find all of the clues and solve the riddle, but remember the clock is ticking so you can't hang around!

Minimum age 10 years (must have an adult per group of under 16's)

Minimum number 10

Maximum number 40

Blind Sheep

This is a game played through team skill and communication.

One of the group members should be designated as the shepherd (team leader), the rest of the team members are blindfolded & scattered in a given area. Using animal sounds, the shepherd needs to guide the blindfolded team members from their scattered position into the marked out area which will be known as the pen.

The team is only allowed to use animal sounds - they can decide beforehand which animal sound represents which direction etc.

Rules

The shepherd must guide the sheep into the pen.

- No verbal communication after the preparation phase.
- Sheep must not remove blindfolds until the end of the exercise.
- The shepherd cannot move.
- The shepherd must remain in their original position away from the pen and not 'touch' any sheep.
- The shepherd can only communicate with animal noises.
- 10 minutes maximum, for the briefing and preparation phase.
- 30 minutes in total for both the planning and the retrieval/penning phase.
